

Arina Lowery

Product Designer | UX/UI Designer
Remote

EXPERIENCE

UX Designer, CloudBees
Remote | May 2022 - present

- Led end-to-end design, from problem framing and hypothesis to shipped UI
- Translated business and user needs into flows, wireframes, and high-fidelity prototypes
- Planned and ran user research (interviews, surveys, usability tests), synthesized insights into Jobs-to-Be-Done and opportunity areas
- Partnered with PM and Engineering to define scope, write acceptance criteria, and align on MVP
- Built and maintained components in the design system (tokens, variants, documentation)
- Created empty states, error states, and microcopy in partnership with Content/UX Writing
- Proactively identified UX debt, proposed roadmap items, and executed quick wins

Graphic Designer, CodeBright
Remote | February 2022 - May 2022

- Collaborating with project managers, stakeholders, and others conducted weekly design sprints
- Designing wireframes and mockups that translate clients' requirements into highly functional, user-friendly experiences
- Creating a brand identity for start-up companies together with designs of the main product
- Creating low, mid, high-fidelity, and clickable prototypes

UX/UI Designer, The Moment Studio
Remote | August 2021 - May 2022

- Conducting UX design research and interviews. Synthesizing research findings to create user experiences
- Leveraging scenarios to create user stories, sitemaps, and user flows
- Creating low, mid, high-fidelity, and clickable prototypes
- Working closely with the design teams to bring products to life. Providing clients an end-to-end experience with thorough UX and UI process
